Introducing Teachit Languages

Teachit Languages is a brand new website for language teachers, offering classroom resources and interactive tools. We're delighted to be working with the Association for Language Learning and would like to offer all ALL members a free three-month trial.

Try Teachit Languages today

Take advantage of our free three-month trial offer for full access to Teachit Languages. When the trial period expires you'll be offered the chance to subscribe at a 20% discount.

To access the free trial, visit: <http://www.teachitlanguages.co.uk/opensesame> - and remember to have your ALL membership number handy.

More about Teachit Languages

Why reinvent the wheel when you don't have to?

Teachit Languages is a website created by teachers for teachers, offering free downloadable and print PDFs of teaching resources. Become a subscriber for fully tweakable and interactive versions.

Rummage in our resource libraries

Choose from hundreds of stimulating activities for students across the secondary curriculum. All resources are edited and new materials are added each week, offering a wide variety of practical and interesting activities.

Take our materials and make them your own

We publish our resources in editable formats so that you can differentiate, personalise and adapt them in any way you like. Our Word documents and PowerPoint activities are all fully tweakable.

Explore authentic spoken language

Finding good listening material can be a challenge. Our lively, no-frills audio and video clips all have accompanying activities.

Motivate students with our wonderful interactive resources

Our whiteboard activities will engage students of all ages and abilities. Use our ready-made interactive resources just as they are – or edit and adapt them, if you prefer!

Discover our whizzy tools and games

Our fantastically versatile interactive tools are designed specifically for teaching languages. Explore and demonstrate language on screen, create and save your own activities, or play our ready-to-go games ... the choice is yours.

Save and share your favourites

Pop your favourite Teachit Languages resources into your personal area of the site, to return to again and again. Create folders and fill them with Teachit Languages resources, upload your own materials, and add notes and comments. You can share your folders with your department and/or students and even zap them into your VLE.
