

Still undecided about joining us as a member?

Why is it important for teachers to be members of ALL?

"It is particularly important now as there are very few language advisers left and belonging to the association helps teachers to find out important information about changes to Programmes of Study, examination board specifications and the latest research too".

Liz Black, teacher of primary and secondary languages, PGCE tutor at York University and freelance consultant

What has been the benefit of joining ALL?

"I decided to join ALL as I was very keen to become part of a wider community of teachers and other professionals and to enjoy and benefit from ALL's many advantages. As a teacher I find that being a member keeps me up-to-date with the latest developments and has enabled me to network with other teachers through the many events that regularly take place. Equally, joining ALL and becoming an active member has been very beneficial for my own professional development: I have become more involved with the Association and I have been part of a supportive network of professionals. I now contribute to Languages Today, sit on the Council and have delivered workshops for the Association. There are many ways we can contribute to support the Association and I encourage anyone to become an active member!"

Karine Harrington, languages teacher and independent consultant

What do you like best about membership of ALL?

"I love the opportunities for professional development and networking, sharing good practice with like-minded colleagues from different contexts. We can learn so much from one another! I really appreciate the range of support offered by ALL, including the amazing annual conferences, the website, the journals and the magazine. I also value the opportunity to be involved in the ALL London branch to meet local MFL enthusiasts. I have absolutely no doubt that being a member of ALL has helped me to gain interesting jobs throughout my career, too, and I promote the value of ALL membership wherever I go!"

Anna Lise Gordon, MFL PGCE Tutor / PG(S) Academic Director St Mary's University, Twickenham

Why are you a member of ALL?

"As a primary language teacher, the biggest challenge faced is the entitlement to language teaching for all 7-11 year olds... As someone who believes in and cares passionately about primary language learning, the challenge is to help and support. We all have opinions and would like our concerns about grading, language take-up at KS4, primary languages, etc. to be heard - ALL enables this and gives weight to our arguments. So if you're not a member, you're missing out on the possibility of your voice being heard."

Lisa Stevens, Primary Language and International coordinator at Whitehouse Common Primary School and Welford Primary School
