

Jenny Turner

Biography

Secondary French and German teacher; OU learner of Spanish and other exotic languages; big fan of integrating ICT, social networking and digital learning into the MFL classroom and in particular for encouraging speaking skills.

Supporting statement

The advice, guidance and expertise of ALL members have been so valuable to me in my career and personal development: I would like to join the Executive Council in order to begin to repay this debt and contribute back to the wider community. This could be done in a number of ways, in particular helping to expand teachers' confidence in using ICT and other digital methods in order not only to teach curriculum material, but also to extend language learning to and engage those otherwise hard to reach students.
