

Accelerated Language Learning Using Phonics: you say mince and I say mince

Delegates will leave having a deeper understanding of the relevance of the sound spelling link and take away practical, ready to use resources (CD and a resource pack) along with a wealth of creative and inspiring ideas.

The tutor will provide opportunities during the day for hands on experience of ways of making language lessons more relevant for the 21st century classroom and offer support on how to best use ICT and innovation in language teaching and learning. Delegates will also have the opportunity to network with other colleagues and share ideas throughout the day.

Who should attend?

Teachers of MFL KS3 and 4: Course materials mainly in French with examples in German and Spanish.

The aims of this course are to:

- Show how Phonics work will complement students' experiences of literacy at Primary – this seminar will mirror largely what pupils are already used to from their current experience of Primary English / literacy
- Improve oracy and pupil confidence in speaking
- Inspire classroom teachers to incorporate phonics into their teaching to aid pupils (by providing "time poor" teachers with free to access resources which can be implemented effortlessly into existing SoW)
- Increase student motivation by the introduction of pod casts and the use of other new and relevant technologies in MFL lessons

Programme

9:30	Arrival, registration and coffee	2:00	Taking MFL teaching into the 21st century
10:00	Welcome & introduction		<ul style="list-style-type: none"> • Pupil produced pod casts and other online examples • How to create a pod cast / "radio station" using Audacity and handheld digital voice recorders • Pocket sized USB video recorders and webcams in the MFL classroom
