

Whether you're a generalist or specialist primary languages teacher, we have lots going on for you!

# I am a primary teacher

The Association for Language Learning is a national, independent and supportive community of language teachers working on your behalf.

**Primary languages teachers can join ALL for only £29. Speak up for languages, join, and make your voice count!**

## WHAT CAN ALL DO FOR ME?

### Membership of ALL means:

- **Staying informed** with our weekly e-bulletin ALLNet, our journals, and termly magazine *Languages Today*.
- **Receiving support** by networking, sharing ideas and being part of our community of languages teachers.
- **Developing as a teacher:** access a wide range of free or low-cost CPD opportunities around the country.
- **Chances to get involved:** speak at conferences, organise events, write for our publications, join our committees and advisory groups, attend meetings, or set up a local group in your area.
- **Enhancing your professional profile:** demonstrate your commitment to your subject and your professional development, and show your colleagues that you are proactive, motivated and willing to go the extra mile to be the teacher you want to be.
- **Being inspired!** Maximum discounts on attending ALL's national conference, Language World: a two day celebration of language teaching and learning, packed full of ideas, advice and inspiration.

### My school would like to be involved, can they become a member?

**Yes!** A primary school group membership costs £29 - your school will receive publications for staff to share, and group discount rates at events.
