

The David Buckland Trust

Broadening Horizons Through
Languages

Charity No, 1137907

The David Buckland Trust supports the learning of foreign languages by the giving of awards and funding for study.

So far in 2015 we have awarded grants to individual students & schools to further their investment and study of Modern Foreign Languages – Could you benefit from a grant?

David was a passionate believer in the importance of Language learning for all and its importance in a nation's perspective on the world. As a trust, we raise funds and distribute grants to continue this work.
