

AQA Speaking Controlled Assessment

My Area

A journalist from a French youth magazine has come to interview you about living in East London.

Your teacher will play the part of the interviewer

- Describe your area – size, location (including distance from Central London), type of area, what you can do there.
- What do you like about living there?
People, facilities, transport. How is it better than other areas of London or better than village life? Choose one or two of your favourite places to describe in detail.
- What do you dislike about living there? What changes would you like to see?
People, crime, facilities, environmental problems.
- What did you do last weekend in your area?
(On your own, with family or friends)
- What do you think about the Olympics coming to East London in 2012? How will hosting the Olympics affect your area and your life?
- Where would you live if you had the choice? Why?(when you are older)

Possible unpredictable questions (will not be on the sheet given out to pupils!)

- What is there for young people?
- What are the shopping facilities like?
- What do you think of the public transport?
- What does your area offer for tourists?
- How would you recommend I spend a day in your area?
- To what extent is your area environmentally friendly?
