

Language**Futures**

Language Futures was originally developed by Linton Village College as part of a Paul Hamlyn Foundation initiative. Management of the initiative passed to the Association for Language Learning in summer 2015. When using and/or adapting resources, we would ask you to acknowledge the Language Futures initiative and the Paul Hamlyn Foundation as the original publishers of the material.

Challenge

Talking Pairs:

How do you think you learn a language? What helps you to learn? Think about how you learnt to read and write in your own language or how you have learnt French.

Walk around the classroom, when you hear the bell, find the nearest person, shake their hand and greet them in your target language.

Homework

Teach a family member or friend a greeting in your target language.

Maths Project

Your task is to be able to teach someone who is new to your target language some maths in your language. This could be a parent, brother or sister or even a group or class of pupils in your school.

Challenge

First investigate the numbers 1-10

Create a presentation, song, rap, game or activity to teach to someone else. You could learn a song, create a PowerPoint, make a Fortune teller or a board game.

Reflection...

How well did your teaching activity go?

What was easy/difficult? Would you do anything different?

Homework

Research a song, TV programme,
book in your target language.
