

 <p>North East Association <i>for</i> Language Learning</p>	<p>Northern Primary Languages Show Saturday 30th. November 2019 York St John University 0930 – 1500</p>	 <p>York St John University</p>
--	---	--

This conference is once more being planned, and will be delivered, by teachers and experienced trainers from the North. It is principally for teachers of key stage 2 classes but the themes are relevant also to key stage 3, so we would love to see Secondary colleagues there too!

The conference is organized by ALLNE, ALL York Primary Hub, University of York, ALL Yorkshire, Network for Languages NE and York St John University who are kindly hosting the event in the **de Grey Building on the corner of Lord Mayor's Walk**, walking distance from York station, along Gillygate.

This is a specially-priced ALL member event * which again includes lunch on-site. The fee for members will be held at just £25 per delegate, payable in advance.

Book here: <https://forms.ncl.ac.uk/view.php?id=5558232>

where you will find details of how to pay, invoices, receipts, making choices etc.

In response to feedback this year's programme is designed with three Plenary sessions and two workshop sessions, with a choice of themes and a small exhibition.

Drinks will be provided on arrival; lunch will also be provided.

After a lively professional morning, there is time in the afternoon to enjoy / do Christmas shopping in York!

** This conference aims again to boost membership of the national Association for Language Learning, to ensure that schools are joined up with the support and advice available from the professional community.*

Schools / Individuals who are not members should join (Primary school membership rate is just £50 per year) through the ALL website: www.ALL-Languages.org.uk) before applying for the conference.

Programme

0845 – 0930 Drinks on arrival

0930 – 1015 Introduction Plenary 1 and questions / thinking time

Michael Wardle

The new OFSTED Education Inspection Framework - implications for Languages in Primary.
--

1020 - 1105 Workshop 1: Choice from 2 workshops.

Jennifer Wozniak Language games for vocabulary, phonics and grammar. - a practical, hands-on session of games that primary pupils love, and that non-specialists can use.	Steven Fawkes – A magical tweak Steven will describe some of the teacher-generated resources available online to accompany THE LANGUAGE MAGICIAN game ... and tell you about the game too if you don't know it yet!
---	--

1110 – 1200 Plenary 2

Rachel Hawkes: Vocabulary Prioritising high-frequency vocabulary that learners can use/re-use in many contexts, importance of verbs, and the usefulness of mixed word class sets. Which words to learn in limited lesson time? How many words to learn? How to learn them? How to retain them over time?

1200 – 1255 Exhibition : lunch, drink

1255 – 1340

Workshop 2: Choice from 2 workshops

<p>Dominique Boert – Top Tips for Listening</p> <p>When learning a foreign language, children usually start by taking in the different sounds and patterns of it and by observing these. Their mind is actively searching for meaning when listening to songs, chants, and rhymes for example. Listening is one of the key skills in language learning and also provides the basis for speaking.</p> <p>In this workshop you will get new ideas for stimulating listening input and tips on how to support and improve your pupils' listening skills through a variety of engaging and motivating tasks.</p>	<p>Suzi Bewell</p> <p>Time saving tips and tricks for the busy non specialist languages teacher With support from ALL York Primary Hub</p>
--	--

1345 - 1400 Context and next steps

Steven Fawkes will outline opportunities, support and activity for teachers and classes in the coming months, with input from others.

1400 – 1450 Plenary 3

Liz Black
Meaningful links across the curriculum

In a busy timetable it is important to make connections for the best use of time.

Liz will explore

- natural links between language learning and other areas of the curriculum (e.g. the use of photos and enquiry frameworks in history, geography and science)
- ideas related to numeracy and literacy
- inspiring starter activities
- links that have geographical, historical and cultural significance that are also easy to differentiate

and Takeaways!

End 1500

Payments will be refunded only if the event were no longer to run, or in exceptional circumstances at the discretion of the organisers.
